

## Overnight stay

### Camping

We have been given permission for guests to camp on the green next to the marquee. **This option is free**, you won't need to bother with a taxi and it will reduce your carbon footprint for the day too.

### Village glamping

If camping is a step too far we can also offer you a space in the village hall, please bring bedding/mattresses etc. It will be dry and warm as there is underfloor heating, access to the kitchen and toilet facilities, this will be more like a sleepover.
